DOWNLOAD OF COMPLETE FILES USER'S GUIDE

Users Guides to search public information on PRTR-Spain

How to download the files of public information

In the tab "Download" the user can download the complete PRTR-Spain files of public information:

- **Inventory of industrial sites**

- **Releases.**

- **Transfer of hazardous and non-hazardous waste.**

The information corresponding to 2001 - 2016 includes emissions/transfers values above the reporting thresholds established in the Annex II "list of pollutants" of the Royal Decree 508/2007. Data from 2017 onwards include all the validated values above zero by the competent authorities.

To download Xml files correctly, follow the next steps:

1. Click on the file you would like to download.

2. Keep the file in your PC/laptop/USB.

3. Use a ZIP program to open the file.

4. Now you can open/use the file.
